ANNUAL ADMINISTRATION

AND

PROGRESS REPORT

ON THE

LUNATIC ASYLUMS IN THE BOMBAY PRESIDENCY

FOR THE YEAR 1889.

J. J. K. 25

Bombay:
PRINTED AT THE GOVERNMENT CENTRAL PRESS.

1890.

No. $\frac{S.B.}{160}$ OF 1890.

FROM

THE SURGEON-GENERAL WITH THE GOVERNMENT OF BOMBAY,

TO

THE CHIEF SECRETARY TO GOVERNMENT,
GENERAL DEPARTMENT,
Bombay.

Bombay, 27th March 1890.

SIR,

I have the honour to submit my Administration and Progress Report on the Lunatic Asylums for 1889.

2. At Poona, the house standing in the Asylum grounds, which was formerly occupied by the Inspector under the venereal clauses of the Cantonment Act, was adapted for the use of male lunatics (*vide* Government Resolution No. 153 C.W.—616, dated 29th March last, in the Public Works Department). This has given accommodation for 18 more inmates. The large wards having been remeasured contain 3 more lunatics, thus giving accommodation for 21 more, the total capacity for males now being reckoned at 82 instead of 61. In the Dhárwár Lunatic Asylum a storeroom has been converted into a small ward and affords sleeping accommodation for 3 more patients. No alterations took place in the other Asylums.

3. New diets are under trial as ordered in Government Resolution No. 3806 of 14th September last, and will be reported on later.

4. Water-supply, except at Colába and Ratnágiri, is good and abundant. At Colába the construction of a masonry tank with a capacity of 10,000 gallons for storage of Vehár water was commenced towards the close of the year in the front yard of the Asylum premises. This tank will be a very welcome addition to the local storage capacity, and it is to be hoped that the Colába main will admit of fully supplying it. At Ratnágiri the repairs to the municipal waterworks, undertaken by Government at a cost of Rs. 3,505, are approaching completion. New pipes to the Asylum have been put down and extra storage tanks will be provided, and it is believed the supply here will be ample in the future.

5. On the tables of figures appended to this report I beg to make the following remarks:—

Statement No. I shows the admissions, discharges, &c. The total population during the year was 917 against 949 in the previous year. Of this number 743 were males and 174 females. There remained on 1st January 1889, 541 males and 134 females, total 675. 193 males and 37 females were admitted and 9 males and 3 females re-admitted. 136 were discharged, of whom 113 were males and 23 females. Of these, 46 males and 8 females were cured and 65 males and 15 females were transferred to friends, of whom 47 males and 14 females were improved, 18 males and 1 female unimproved. One male escaped and one was transferred from criminal to civil quarters on expiry of sentence. There were 67 deaths—50 males and 17 females—to 86 in the previous year. There remained under treatment on 31st December 1889, 580 males and 134 females, total 714. The daily average strength was 563·4 males and 139 females, total 702·4 against 679·3 in 1888.

The percentages of cures and deaths to the daily average strength were:—

Cured	Males	8·1	Total...	7·6
	Females...	5·7		
Died	Males	8·8	Total...	9·5
	Females...	12·2		

The percentages to admissions in the year were:—

Cured	Males	22·7	Total...	22·3
	Females...	20·0		
Died	Males	24·7	Total...	27·6
	Females...	42·5		

Statement No. II is a return of criminal lunatics. It shows that on the 1st January 1889 there remained 91 males and 10 females; 27 males and 3 females were admitted during the year, making 118 males and 13 females, total 131 as compared with 123 in the previous year. Of these, 8 males and 1 female were discharged, 9 males and 1 female died, and there remained on 31st December 1889, 101 males and 11 females. The daily average strength was 95·2 males and 10·2 females, total 105·4 against 96·1 in 1888.

Statement No. III is a return showing the religion and residence of the insanes admitted into the Asylums during the year. Of the 242 admissions and re-admissions 56 were Christians, including 35 Europeans, 2 Eurasians and 19 Native Christians; 108 were Hindus, 58 Mahomedans, 17 Pársis and 3 of other castes. Of the 35 Europeans admitted, 30 were soldiers received from all parts of India. The other patients were received from various parts of the Presidency.

Statement No. IV shows the occupations of the insanes admitted: 29 were soldiers, 34 beggars, 26 merchants, traders, &c., 16 servants and 34 labourers.

Statement No. V gives the ages of the admitted. Under 20 there were 9 males and 2 females; between 20 and 40, 164 males and 32 females; between 40 and 60, 27 males and 6 females; and above 60, 2 males and no females.

Statement No. VI shows the types of insanity, and the following table gives those and the results of the treatment of each form:—

	Remained.	Admitted.	Total.	Recovered.	Improved.	Died.
Acute mania	213	113	326	32	19	21
Chronic mania	161	22	183	9	10	16
Melancholia	54	50	104	9	19	5
Acute dementia	68	27	95	1	4	8
Chronic dementia	133	17	150	3	7	13
Idiocy	22	6	28	...	2	1
Mania c epilepsy...	10	3	13	...	...	2
Dementia c epilepsy	1	...	1	...	...	...
Amentia c epilepsy	1	...	1	...	...	...
Imbecility	11	4	15	...	...	1
Observatio	1	...	1	...	...	...
Total ...	675	242	917	54	61	67

I beg again to notice the classification is in accordance with the old nomenclature of diseases, as the Government of India had not ordered the adoption of the classification of the 1885 edition of the Nomenclature of Diseases before going to press.

Statement No. VII gives the alleged causes of insanity. Of the 917 cases treated the cause is given in 471 and is unknown in 446. Physical causes number 379 and moral causes 92. Amongst physical causes, 207 are said to be due to intoxicants, 25 to fever, 21 to epilepsy, 6 to sunstroke and injury to head each, 5 to syphilis and 5 to sexual excess, 10 to masturbation, 2 to old age, 1 to exposure to the sun and 1 to uterine disorder, 3 to parturition, 13 to destitution and 4 to climate. The disease was hereditary in 43, congenital in 17, and in 10 cases previous attack is given as the cause. Of moral causes grief is alleged in 64 cases, anger in 8, fear in 9, jealousy in 1, religion in 7, and loss of money in 3. Among criminal insanes charged with crimes of violence the alleged causes of insanity are given as follows:—

Gánja smoking...	10	Injury	1
Bháng	1	Congenital	1
Opium	2	Hereditary	4
Spirits	1	Grief	1
Fever	2	Anger	2
Puerperal fever.	1	Jealousy...	1
Epilepsy ...	1	Religion	1
Unknown	54		

Statement No. VIII gives a detail of the sick in the hospitals of the Asylums or the bodily ailments under which the insanes suffered. At the beginning of the year 55 patients were in the hospitals and 294 were admitted during the year, making a total of 349. Of these, 205 were cured, 6 discharged otherwise, 67 died and 71 remained under treatment at the end of the year. The chief causes of admission to hospital were diarrhœa 43, dysentery 42, ague 41, debility 37, and epilepsy 17. The causes of death were diarrhœa 16, epilepsy 13, dysentery 12, debility 10, pneumonia 4, Bright's disease 3, old age 2, and remittent fever, anæmia, paralysis, dropsy resulting from hepatitis, sunstroke, heat apoplexy and drowning 1 each. I am glad to notice that the number of deaths in Colába were much less than in 1888, 26 to 51.

Statement No. IX is financial. The total expenditure was Rs. 1,28,887, to Rs. 1,29,920 in 1888, and Rs. 1,23,336 in 1887. Establishment cost Rs. 27,250, showing a slight increase on the previous year. Superintendence cost Rs. 17,953, a decrease of Rs. 3,448 on 1888. The decrease is due to the following causes :—

(1) At Colába, Surgeon-Major Párker went on furlough for 8 months from April 1889 and Surgeon-Major Boyd who acted drew less pay.

(2) At Ahmedabad the reduced allowance of the Superintendent came into force from May last in accordance with Government Resolution No. 2341, dated 6th July 1888, General Department.

(3) At Poona also, during the absence of the permanent incumbent the officiating Superintendent's received the reduced allowance.

(4) At Dhárwár Rs. 50 per mensem of the Superintendent's allowance was reduced (*vide* Government Resolution No. 918, dated 2nd March 1889, General Department).

The cost of diet was Rs. 47,198 to Rs. 46,338 in 1888. The increase is due to the daily average strength of the insanes being higher. Clothing and bedding cost somewhat more in 1889 than in 1888, Rs. 4,130 against Rs. 3,082. Contingencies cost about Rs. 567 less than in 1888. The receipts from paying patients amounted to Rs. 12,228 against Rs. 10,130 in previous year. The increase was mainly at Colába. The Pársi community in Bombay have inaugurated a charitable fund amounting to Rs. 25,000 for the purpose of contributing towards the maintenance of the poor members of their community while in the Asylum. Five Pársis were admitted under this fund last year. Deducting the amount remitted to the treasury on account of paying patients from the sum of the amounts received from the treasury, adjusted to Government, and value of articles received from the manufacturing department, the net cost to Government was Rs. 1,04,430 against Rs. 1,09,658 in 1888 and Rs. 1,05,130 in 1887. The decrease is due to the diminished cost of superintendence, contingencies and of charges on account of works done by the Public Works Department. The following table shows comparatively the cost of each patient at each Asylum for the past three years :—

	Daily Average Strength in 1889.	Net Cost.	Cost per Head.		
			1889.	1888.	1887.
		Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Colába	278·8	56,364 8 5	202 2 8	214 14 6	199 6 4
Ratnágiri	66·7	9,555 1 2	143 4 1	178 12 3	218 9 0
Poona	87·5	11,796 12 6	134 13 0	145 5 5	141 12 9
Dhárwár	32·0	4,992 4 9	156 0 0	239 6 2	220 4 7
Ahmedabad	104·4	10,962 9 3	105 0 0	116 15 10	115 14 0
Sir Cowasji Jehangir, Hyderabad	133·0	10,759 6 10	80 14 4	75 9 2	75 9 2
Total ..	702·4	1,04,430 10 11	148 10 10	161 6 10	154 12 6

It will be observed from the above that except at Hyderabad the cost per head is less in each of the Asylums than it was in the previous year. The decrease is due to the daily average strength being more than in 1888, change in dietary, the increase in the sum received from paying patients, and also to saving in cost of superintendence.

Statement No. X shows the sanctioned establishment of the Asylums. The monthly cost was Rs. 3,854 as compared with Rs. 4,104 in the previous year, the decrease being due to the reduced allowances of Superintendents at Dhárwár and Ahmedabad.

Statement No. XI shows receipts and expenditure on account of manufactures. About half the daily average strength was employed in various occupations, the others being unable for various reasons to perform any work. The total credits amounted to Rs. 6,347 and debits to Rs. 2,293, giving Rs. 4,054 as excess of credits or profits. The net profit was Rs. 4,109 against Rs. 4,059 in 1888.

Statement No. XII gives the condition of the Asylum population as to caste, sex and marriage. This statement is summarized in the following tables :—

TABLE I.

		Total Number.									Percentage of					
		Treated.			Cured.			Died.			Cured to Treated.			Deaths to Treated.		
		Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.

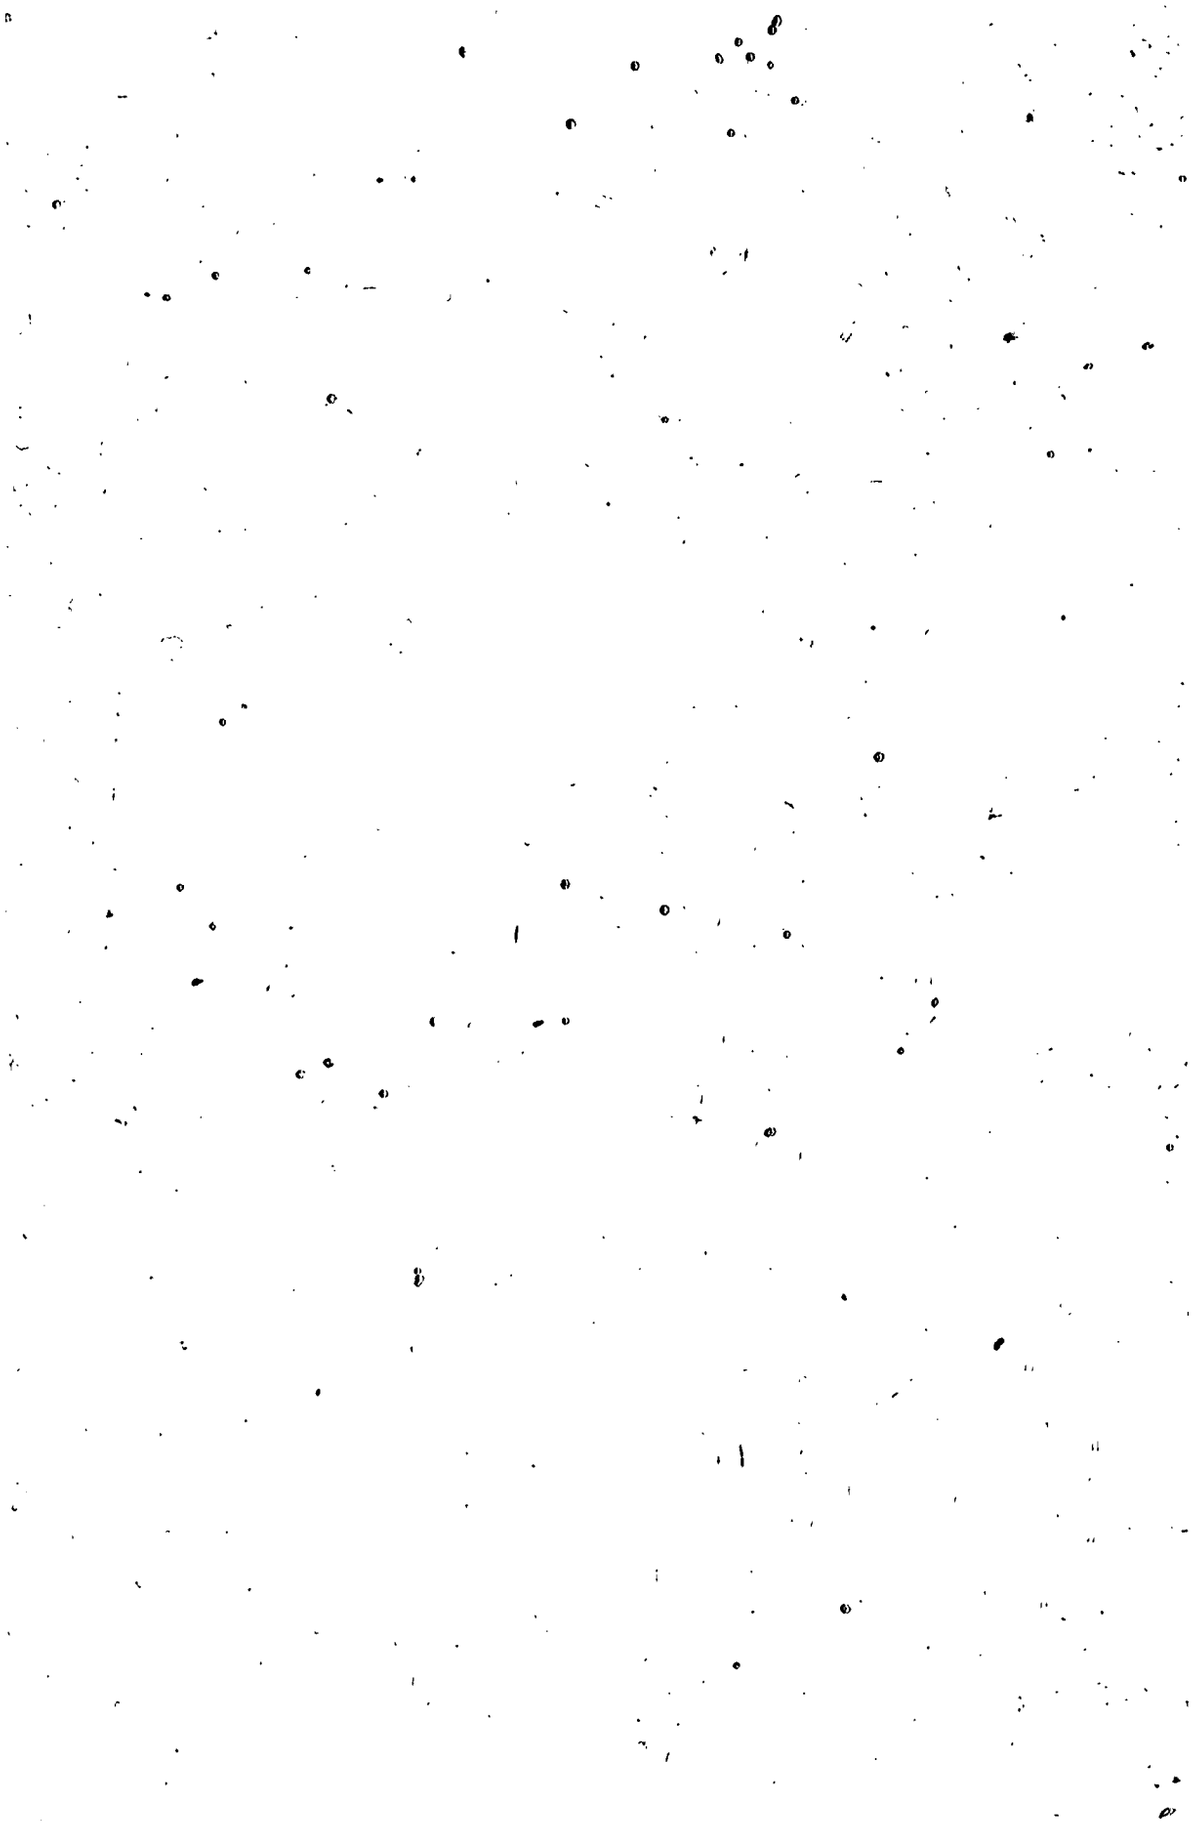
	Pársis ...	...	...	...	...	...	...

Statement No. XIII gives particulars regarding criminal insanes. The nature of crimes were theft 25, culpable homicide amounting to murder 56, culpable homicide not amounting to murder 5, attempted suicide 7, voluntarily causing grievous hurt 12, house-breaking 4, mischief and assault 9, and miscellaneous offences 13.

6. The official Visitors of the Asylums have attended regularly.

7. I inspected the Colába, Poona, Ratnágiri and Dhárwár Asylums and was well satisfied with all. The Superintendents take a great interest in their work, the insanes are well cared for, and the buildings and grounds were all in good order. Deputy Surgeon-General Turnbull reported favourably of his inspection of the Sir Cowasji Jehangir Asylum in Sind.

I have the honour to be,
Sir,
Your most obedient Servant,
J. PINKERTON, M.D.,
Surgeon-General
with the Government of Bombay.



STATEMENT.

ANNUAL STATEMENT No. I.

Showing separately the Admissions, Discharges, &c., &c., of Lunatics in the Lunatic Asylums in the Bombay Presidency during the year 1889 and ten previous years.

The capacity of the Colába Asylum for Europeans is, at 104 superficial feet per patient,—for males 85, for females 10.
The maximum number of lunatics confined on any one night was 33 males, 11 females.
* Made over to the care of friends.

No. 2941 of 1890.

GENERAL DEPARTMENT.

Bombay Castle, 25th July 1890.

Letter from the Surgeon General with the Government of Bombay No. S.B.—162, dated 31st March 1890—Submitting the Annual Administration and Progress Report on the Lunatic Asylums in the Bombay Presidency for the year 1889.

RESOLUTION.—A satisfactory increase in the receipts from paying patients at Colába, and to some extent also at Ahmedabad; a general reduction, except at Hyderabad, in the net cost per head of the insanes; and the provision of accommodation for 18 additional insanes at Poona and 3 at Dhárwár, were the chief features of the year under review. The Surgeon General's report contains the usual statistical information, on which no special comment appears necessary. The management of all the asylums was satisfactory.

J. DEC. ATKINS,
Acting Under Secretary to Government.

To

The Surgeon General with the Government of Bombay,
The Sanitary Commissioner,
The Commissioner in Sind,
The Commissioner, N. D.,
The Commissioner, C. D.,
